IF YES, we <u>MUST</u> have your 2020 tax return if it was prepared by other than RLE Tax, Inc.

Did you REPAY any of the COVID-19 related retirement distribution in 2021? YES NO IF YES, how much did you repay in 2021?

If self-employed, did you defer any of your 2020 self-employment taxes due to COVID-19? YES NO IF YES, how much did you defer?

Did you receive the third stimulus payment of \$1400 per eligible taxpayer? IF YES, please forward your letter 1444C or indicate the total you received in 2021 after February 2021 on page 13. <u>NOTE that incorrect information</u> <u>WILL delay your refund so the letter 1444C is preferred.</u>

Did you receive ANY of the advance Child Tax Credit that was to have been disbursed monthly from July to December 2021? IF YES, make entries on page 13 and, if you kept it, send the IRS letter 6419. <u>NOTE that incorrect information WILL delay your refund so the letter 1444C is preferred.</u>

PROFESSIONAL EQUIPMENT

Please list ONLY equipment purchased with personal funds. Note, however, that the monthly funds you receive from HQ for computer equipment are considered personal funds and you should list these equipment purchases.

Most items of equipment used in your business are included in an IRS list with three broad categories:

1) Items requiring a written log to establish the business use %; 2) Items whose business use % may be documented by other methods; 3) Items not "listed" for which the business use % may be established by your conservative estimate.

The first category includes computers and any equipment attached to them -- either wired or wireless. In order to take a deduction for items in this category, you must indicate that you have in your possession a written log of the time you used the computer. There must be a separate log for each computer.

The log need only show the date, the hours/minutes the computer was used and the hours/minutes for business purposes. Equipment attached to the computer is presumed to be used the same % as the computer itself unless you can demonstrate otherwise.

NOTE: The law does allow for a representative sample in place of a complete year-long log. This sample should cover a period of at least one full month. If you have not kept the log, you can start it now and apply the result back to 2021

NOTE: If the item is 100% business use then no log is required.

The second category includes cameras, camcorders, IPods, audio recorders and players, projectors, etc. You need only to be able to testify that you have documents such as phone bills, pictures, videos, tapes, CDs, etc. that would definitely demonstrate the business use % you assign to the item.

A few items in the third group which could arguably belong to group two include assets such as musical instruments, PDAs and GPS units. The logic is that these are so directly linked to your business that the documentation is not needed.

Equipment purchases of \$250 or less are no longer depreciated. They will be expensed fully in the year purchased. This will reduce your record keeping requirements. Please group all similar equipment purchases where the individual purchase price is below \$250 by category based on the business use percent. For example if you purchased six different items where the business use percent was 75% and the total of all six items was \$350 (No single item over \$250) make one entry of \$350 with a business use of 75%.

Please review your asset list from your **2020** return (copy is included in your client copy tax return and is available in your portal), and list below <u>any changes</u> to last year's assets, including business use % or sale. Also, please list any assets purchased in **2021** along with the business use %. If any assets were sold, trashed or otherwise disposed of, indicate the date and sale price if sold.
